IMPORTANT INFORMATION

The Employers Liability (Compulsory Insurance) Regulations 1998 lay down certain obligations for employers and in particular the **Insured** should be aware of the following

Display of Certificates

The **Insurer** will provide the **Insured** with a Certificate of Employers Liability Insurance and this will state clearly the companies covered by it The **Insured** must display either an original copy or make available a copy of the Certificate of Employers Liability Insurance in an electronic format at each **Business Premises** where the **Insured Employees** can see it easily

Retention of Certificates

The Employers Liability (Compulsory Insurance Amendment) Regulations 2008 remove the requirement for the **Insured** to retain copies of Certificates of Employers Liability Insurance that have expired for at least 40 years However it is still good business practice to retain the certificates because certain claims for example disease could be made many years after the disease is caused and if the insurer cannot be identified the **Insured** could be liable for payments

Employers Liability Tracing Office (ELTO)

In accordance with the Employers Liability Insurance Disclosure by Insurers Instrument 2010 made by the Prudential Regulation Authority (PRA) and Financial Conduct Authority (FCA) the **Insurer** will be required to provide some of the **Insureds** information to the Employers Liability Tracing Office (ELTO)

The information supplied by the **Insurer** in accordance with this requirement will be added to an electronic database that will be managed by the Employers Liability Tracing Office (ELTO) and will be subject to periodic update and certification and will be audited annually

Access to the database and the information stored on it will assist claimants their appointed representatives employers liability insurers and other persons or entities with legal access to the information to

- identify which insurer or insurers provided employers liability insurance during the relevant period(s) of employment and
- identify the relevant employers liability insurance policies

The information supplied to the Employers Liability Tracing Office (ELTO) will include

- policy number(s)
- Employers previous and current names and addresses (including subsidiary companies)
- Coverage dates
- Companies house reference numbers where relevant
- Her majesty's revenue and custom employer reference numbers
